DISTINCTIVE FEATURES

MAKES US DIFFERENT FROM OTHERS

PERFECT REASONS TO CHOOSE

100 % LEAD FREE PVC

Lead based products such as paints, sheet, pipes etc are banned in Europe and USA since 1978 because they are recognized as potentially acute even deadly and irresistible health and environment hazardous.

Young children are particularly vulnerable to the toxic effects of lead and can suffer profound and permanent adverse health effects.

Lead also causes long term harm in adults including increased risk in high blood pressure and kidney damage.

BOARDS

Our Polymer Composite Boards are made from 70% of virgin Polymer, 15% of minerals fibers and rest 15% of additives and requisite chemicals.
